organised, winterization exception applied)

Reyco Marine, Sault Ste. Marie's Marine and Small Engine Dealer, Launches New Website

For immediate release, Sault Ste. Marie, ON

Reyco Marine, a full-service marine and small engine dealership on White Oak Drive in Sault Ste. Marie, has launched a new website at reycomarine.com.

Owner Casey Couture built the business to serve local customers across marine repair, small engine service, lawn, snow, and ATV/UTV equipment, with authorised brands and in-house technicians under one roof in the Sault.

[CASEY QUOTE 1 : founding/legacy]

A Full Range of Services for Every Season

Reyco Marine handles service and repair across marine engines, small engines, lawn care equipment, snow blowers, and ATVs and UTVs. The shop is an authorised dealer for Mercury outboard motors, Princecraft boats, Toro lawn and snow equipment, Echo handheld power tools, EZGO vehicles, Cub Cadet outdoor power equipment, Hisun UTVs, and accessories from Minn Kota, Cannon, and Humminbird. R&J rounds out the brand lineup.

Spring and summer bring the marine repair work Sault Ste. Marie boat owners count on before the season: engine diagnostics, spring commissioning, and on-water testing after winter storage. Come fall and winter, the shop shifts focus to snow blower tune-ups, small engine winterization, and off-season equipment preparation.

[CASEY QUOTE 2 : service philosophy]

The parts department stocks components and accessories for every brand Reyco carries, and the team handles warranty repairs for authorised products across the lineup.

The People Behind the Counter

Aaron Couture, Co-Owner and Service Manager, oversees the technical side of the operation. Lynn manages the parts department, with Ron supporting parts sourcing and customer orders day to day. Technicians Lee, Damian, and Cody handle the hands-on repair and maintenance work across all equipment categories.

[CASEY QUOTE 3 : staff]

The team's experience across marine, small engine, and outdoor power categories means customers can bring in a boat motor, a lawn tractor, or a snow blower and get the same quality of work.

[CASEY QUOTE 4 : brand range]

Small Engine Service Sault Ste. Marie Has Relied On for Decades

Reyco Marine has been part of the Sault Ste. Marie community for decades, serving customers from across the city and the broader Algoma region. The shop's location on White Oak Drive puts it within reach for city customers, and the brand lineup covers most of what a homeowner, contractor, or boater in the area needs in a single stop.

[CASEY QUOTE 5 : customer experience]

[CASEY QUOTE 7 : community]

A New Website to Match the Operation

The new reycomarine.com gives customers a clearer picture of what Reyco carries, where to book service, and how to reach the team. Pages are organised by equipment category, with contact details for service bookings and parts inquiries.

[CASEY QUOTE 6 : website/future]

The website was designed and built by GLV Marketing, a Sault Ste. Marie marketing and AI agency.
