Inside Reyco Marine: Casey Davieaux on Three Years, 11 Brand Lines, and Building a Shop in Sault Ste. Marie

Reyco Marine opened at 11 White Oak Drive East in Sault Ste. Marie in 2022. Owner Casey Davieaux grew the shop from a small engine repair and parts

operation into a multi-brand dealership covering marine, lawn, snow, and ATV/UTV equipment, with 11 authorised brand lines in just under four years. Co-owner Aaron *[LAST NAME PLACEHOLDER]* manages the service side day to day. We sat down with Casey and Aaron at the shop to talk about how Reyco came together and what they're building.

Reyco started in 2022 and has grown to carry 11 authorised brand lines in under four years. What was the vision when you opened the doors, and what's the part of the business you're proudest of building so far?

[CASEY QUOTE 1 : founding/legacy]

What's the philosophy behind how Reyco's team approaches marine, small engine, lawn, snow, and powersport repair? What separates your shop from other dealers people might consider?

[CASEY QUOTE 2 : service philosophy]

Tell us about your team. Aaron, Lynn, Ron, Lee, Damian, and Cody. What should customers know about the people behind the counter and in the bays?

[CASEY QUOTE 3 : staff]

Aaron, you manage the service side day to day. What does a normal week look like at Reyco's service bays, and what's the most common job your techs handle in a given month?

[AARON QUOTE 1 : service bay / week perspective]

You've got Lee, Damian, and Cody working across marine, small engine, lawn, snow, and ATV/UTV. How does the team handle that range? Is there cross-training across categories, or does each tech lead specific equipment classes?

[AARON QUOTE 2 : technical team]

Reyco carries Mercury, Princecraft, Echo, Cub Cadet, Toro, Minn Kota, Humminbird, Cannon, Hisun, and more. Why does that range matter for Northern Ontario customers? How do you decide which brands belong on your floor?

[CASEY QUOTE 4 : brand range]

What does a customer walking into Reyco's parts counter or service bay get that they wouldn't get from a big-box store or a chain dealer?

[CASEY QUOTE 5 : customer experience]

What did you set out to accomplish with the new Reyco Marine website, and what do you want customers to take away the first time they visit it?

[CASEY QUOTE 6 : website/future]

Reyco is still building its presence in Sault Ste. Marie. How do you see the business serving the local community and the broader Algoma region as it grows in the coming years?

[CASEY QUOTE 7 : community]
